Address
Route Lafrane km 0.5 , sfax

Education

2021 - 2022

Baccalaureate (Mentien bien)
Lycee bourguiba monastir

2020 - 2024

Two-year integrated preparatory
Faculty of science Sfax

2024 - 2025

First year of data engineering
Faculty of science Sfax

Language

- Arabic
- Franch
- English

Courses

- Microsoft Associate
- Data science (356°)

Profile

As a Data Engineering student, I've completed several academic and personal projects involving large datasets, where I designed and optimized end-to-end ETL pipelines using Python and SQL, and built data warehouses using dimensional modeling. I've also worked with big data tools like Apache Spark and Hadoop, deployed projects on Linux-based systems, developed machine learning classification and regression models with a touch of AI, and applied software development skills to build scalable, maintainable data solutions.

Skills

- Fast Learner
- Creativity
- Computer Skills
- Negotiation
- Critical Thinking
- Ability To Work Under Pressure
- Team Work
- Machine Learning
- MySQL
- Git
- SQL
- Python
- Virtualisation
- Big Data
- java
- C++
- Microsoft Office

Projects

- DataWarehouse Tunisair
- Medical Assistant Mobile app (MediAssist)
- Cholesky Resolution Website (React & Flask)
